Download free Heredis PDF User Guides

Consult the User Guide of your Heredis version in your browser, or save it on your hard drive to read it later.

How to search in the Heredis PDF User Guide?

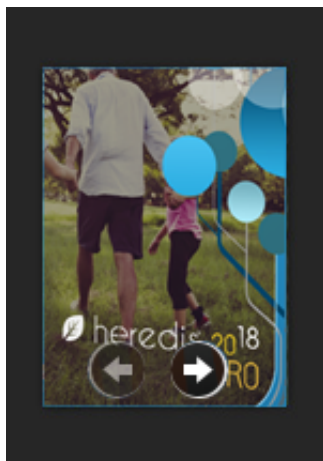

Click on the User Guide that applies to you. The PDF file opens in your browser or proposes to save to your hard drive.

To find a particular item, depending on the version of your browser:

- Enter the item in the **Search box** on the toolbar and then confirm by pressing **Enter** or **Return**
- Type **Ctrl F**
- Select the menu **Edit > Find** on your browser.

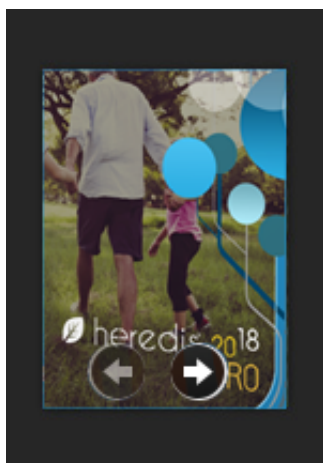

Just enter the search term “GEDCOM” or “Duplicate” to find all pages of the manual in which that term is used.

Or use the table of contents to navigate in the various chapters.
